November 19th – Parent Visitation Day

This is a great day for parents and extended family members to stop by their child's classroom and see the kids in action. We feel it is important for families to know some of the day to day activities that Jackson students spend their time on. Below is the schedule with the times for each class to be visited. Each class usually has a 30 minute visit time as many parents have multiple children to stop by and see.

Dear Parents/Guardian of Anna Ware Jackson School Students:

American Education week is celebrated nationally during the month of November. In observance of this week that emphasizes the importance of education in America, we have set aside a special day to celebrate education at the Jackson School. We invite you to visit our school on Thursday, November 19, 2015 (day 4) to observe the wonderful learning that happens every day. In order to allow you to be fully involved in the classroom activity, we ask you to not bring younger siblings to this Parent Visitation Day.

Below is the schedule for the classroom visits for our students in Kindergarten through grade 3:

Grade 3	9:15-9:45
Grade 2	9:45-10:15
Grade K	10:20-10:50
Grade 1	11:05-11:35

You may also visit the special subject teachers during the following times:

9:35 – 10:15 Mrs. Naggar – Spanish/Mrs. Miller – Gym

10:20 – 11:00 Mrs. Baker – Library/Mrs. Morris – Spanish/Mrs. Emighy – Music/Ms.
Lomp – Art Ms. Mazzeo – Gym

11:00 – 11:40 Ms. Fregeau – Library/Mrs. Schoonmaker – Art/Mrs. Moses – Gym
Mrs. Surgenor – Spanish/ Mrs. Bernier – Music

We understand that busy work schedules might prevent parents from visiting on this day. Please feel free to invite another family member (grandparent, aunt, uncle, etc.) to join your child during this visit. We look forward to seeing you on the Parent Visitation Day and hope that you will enjoy seeing our staff and students in action.

“A TIME FOR SHARING”

Collections has begun and will end on November 20th

As the Thanksgiving season rapidly approaches, we find ourselves filled with the feelings of joy and Thanksgiving. Perhaps this is the best time of year to think of those less fortunate than ourselves, and of ways that we may reach out to aid those in need.

The Administration and Faculty of the Plainville Schools would like to sponsor a food drive to benefit the Living Bread Food Pantry at the Plainville United Methodist Church. The program would work as follows:

1. Students are asked to bring in non-perishable food goods. (No glass please!)
2. Students will bring these goods to the lobby area in the morning.
3. All adult employees of the Plainville Public Schools are being asked to make a special donation (\$2.00 or more) to their school's secretary. This money will be used to purchase gift cards for donation to the Plainville Senior Center for

- elders in need.
4. All donations are voluntary. No lists are to be kept of students donating to this cause. We do not want to foster competition between students and/or grades, but hope instead to inspire an individual spirit of charity.
 5. All food collected will be donated to the Living Bread Food Pantry here in Plainville.
 6. If you are a family in need, the Living Bread Food Pantry is located at the Plainville United Methodist Church, 16 East Bacon Street and is open every Wednesday at 6:30 p.m. For more information, call 508-643-1238.

Multiplication BINGO – This past Monday we had our first Annual Senior/Student Multiplication BINGO event! It was a HUGE success for both our 3rd grade student council representatives as well as the 16 visitors from the Plainville Senior Center. The kids and seniors paired up and helped each other out as they quickly solved their multiplication facts! Prizes were awarded and many visitors left with Dunkin Donut gift cards, frames to treasure their grandchildren in, notepads and many more. The kids were able to choose from new school supplies, which is always a big hit. As our visitors left the school they wanted me to know how much they enjoyed the visit and when would we be having Division Multiplication?
