RE: NEWS/MEDIA RELEASE INFORMATION

Often the media/press requests information regarding student awards, honors, scholarships or club memberships. Throughout the year, the local cable TV channel, newspaper and school newsletters will take pictures or write about school activities and students. It is the policy of the Plainville Public Schools to make this information routinely available unless parents have requested in writing, in advance, that they do not wish to have this information published. We will be happy to comply with parents' written requests. If we do not receive a written request, we will proceed with the publication of student information as described above.

- ☐ I give my permission to release my child's name and picture as described above.
- ☐ Please *do not release* my child's name and picture.
