

BEST Team

The BEST Team in each school serves as a pre-referral team for students currently experiencing academic and/or social-emotional challenges. The team meets with the referring teacher(s) to discuss areas of concern and review intervention and strategies used to date. Through discussion and brainstorming the team is able to construct a short-term action plan for the teacher and possibly other staff to implement. On occasion the BEST Team will review the current means for supporting students and, if necessary, recommend additional interventions/resources.

The members of the Jackson and Wood School BEST Teams are as follows:
