

Curriculum Committees

The Curriculum Committees direct, coordinate and support grade, school and district efforts related to curriculum design and implementation. Its members work to ensure all curricular documents are aligned with state and/or national curricula frameworks. Each Curriculum Committee is comprised of grade-level representatives and/or specialists/special educators/coaches and is co-lead by an administrator and a teacher (s).

Curriculum Committees currently operate in the following areas: English Language Arts, Math, and Science. Its members include:
